# THIS SEASON

## GIVE INTENTIONALLY

City Net is grateful for our friends, families, partners and colleagues who are working together to help end street-level homelessness in our communities. This holiday season, we've teamed up with a few local partners to help spread the word on shelter and supportive service program needs.

Our team is excited to continue to connect, convene and commend people to stories and solutions related to homelessness. We believe when we come together we can catalyze the impact of existing resources, together. YOU CAN TOO!
